

## **Digital Accessibility Statement**

USAP Continuum Partners of Florida, Inc. is committed to ensuring digital accessibility for all patients, including those with disabilities. We strive to provide equitable access to our healthcare information, services, and tools, including our mobile application and patient portal.

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities using three levels of conformance: Level A, Level AA, and Level AAA.

We have ongoing efforts to conform with [WCAG 2.1 Level AA criteria]. Our accessibility efforts include ensuring compatibility with assistive technologies such as screen readers, voice commands, dynamic text resizing, and high-contrast settings on both iOS and Android devices.

We make reasonable efforts to comply with the Americans with Disabilities Act (ADA) and other applicable laws to provide equal access to our digital services.

If you need any assistance accessing the [healthpath] application, please contact us via email at [Support@healthpath.com](mailto:Support@healthpath.com).

For urgent medical needs outside of these hours, please contact your healthcare provider directly or call emergency services.
